## WEIGHING SCALE

# UWA-N

- High quality scale, Hi-Ok-Low functioning
- Durable primary plastic material, solid frame.
- Anti-pest and dust proof design reduce failures rate.
- Mechanical buttons and Intelligent integrated circuit for more accuracy and long using life.

## ▪ FEATURES & FUNCTIONS

- Load cell with accuracy of 1/6000-30000
- Internal resolution:30,0000-150,0000.
- Large LCD display with back light, low batterry indicator
- Rechargeable battery, up to 80 hours of continuous use, charging time approcimate 8 hours
- Unit conversion, accumulation, hi-low alarm, tare, easy counting

## ▪ SPECIFICATIONS:

| | |
|---|---|
| Accuracy | Class III |
| Display | LCD 18mm heigh with backlight |
| Pan size | 285*240(mm),plastic |
| | 285*240(mm),Stainless steel |
| Power | Rechargeable battery. AC:110V/220V 50/60 Hz, DC:4V/4Ah |
| Optional | Tower light, RS232, Thermal printer |

## ▪ CAPACITIES & DIVISIONS

| **Capacity** | | **6kg** | **15kg** | **30kg** |
