

WEIGHING SCALE

UWA-H

- High quality weighing scale
- Durable primary plastic material, solid frame.
- Anti-pest and dust proof design reduce failures rate.
- Mechanical buttons and Intelligent integrated circuit for more accuracy and long using life.

FEATURES & FUNCTIONS

- Load cell with accuracy of 1/6000-30000
- Large LCD display with back light.
- Rechargeable battery, up to 80 - 100 hours of continuous use.
- Low battery indicator
- Unit conversion, auto zero tracking, tare, quantity set alarm, memory

SPECIFICATIONS:

Accuracy	Class III
Display	LCD 18mm heigh with backlight
Resolution	External 1/ 15,0000 – 1/ 30,0000,
Internal count	150,000 – 300,000
Pan size	285*240(mm),plastic
	285*240(mm),Stainless steel
Power	Rechargeable battery: 4Ah/6V - AC:110V or 220V±10%
Optional	Tower light, RS232, Thermal printer

CAPACITIES & DIVISIONS

Capacity		3kg	6kg	15kg	30kg
Division	A	0.5g	1g	2g	5g
	B	0.2g	0.5g	1g	2g
	C	0.1g	0.2g	0.5g	1g
